Property owners are required to hire their own contractor who must be approved by Middleburg Municipal Authority Board. This list consists of contractors already approved by the Board; you may hire a contractor not on the list as long as you receive prior approval. All contractors must comply with the Rules and Regulations adopted by the Middleburg Municipal Authority when installing the laterals. Each private lateral requires a final inspection by the Authority Manager prior to closing the trench. This inspection will cost the homeowner \$50.00 per inspection per lateral. If the trench is closed prior to the required final inspection, it will need to be re-opened at the homeowner's expense for inspection.
